Action Step	Person/ Agency Responsible	Timeline	Progress
<p>Year 1: Obtain baseline data regarding how many districts, churches, and organizations currently have community gardens and where they are located.</p> <p>Research grants and funding opportunities to increase the number of community gardens.</p>	<p>Jennifer McCoy Holmes County General Health District</p> <p>Tara Martin Pomerene Hospital</p>	October 1, 2018	<p>12/5/2017: Based on feedback from the Community Health Event on 10/31/2017, the CHIP Sub-Committee has decided to remove this action step as a strategy for reducing chronic disease. See meeting minutes 12/5/2017</p>
<p>Year 2: Help school districts and other organizations apply for grants to obtain funding to start a garden.</p>		October 1, 2019	N/A
<p>Year 3: Implement community gardens in all school districts and double the number of organizations with community gardens from baseline.</p>		October 1, 2020	N/A
Strategy 2: Community-based social support for physical activity			
<p>Year 1: Develop a community walking program. Recruit individuals to serve as walking leaders. Decide on the locations, walking routes and number of walking groups throughout Holmes County.</p> <p>Link the walking groups with existing organizations to increase participation. Consider the following:</p> <ul style="list-style-type: none"> Faith-based organizations Schools Community-based organizations Health care providers <p>Begin implementing the program.</p> <p>Look for funding sources to incentivize participation in the walking program.</p>	<p>Tara Martin Pomerene Hospital</p> <p>Kerry MacQueen Holmes County General Health District</p>	October 1, 2018	<p>12/5/2017: The committee decided to make the focus of this strategy promotion of physical activity events that are already in Holmes County. Tara will meet with Kerry and other Kinetics Staff to discuss next steps.</p> <p>2/6/2018: No Updates provided</p> <p>3/6/2018: HCGHD applied for a \$7,500 grant that would provide exercise equipment to begin implementation of an "adult playground" at Deer Run Park. If awarded, HCGHD would incorporate elements of this strategy into the playground.</p>
<p>Year 2: Develop program goals and an evaluation process for tracking outcomes. Raise awareness and promote the walking programs.</p> <p>Begin distributing incentives to participants. Evaluate program goals. Increase the number of walking groups by 25%.</p>		October 1, 2019	
<p>Year 3: Continue efforts from years 1 and 2. Implement and promote the walking program county-wide. Increase the number of walking groups by 50%.</p>		October 1, 2020	

Priority Topic: Chronic Disease

Strategy 3: Implement nutrition policy in schools

Action Step	Person/ Agency Responsible	Timeline	Progress
<p>Year 1: Choose at least one additional school district to implement a healthier choices campaign. Work with school wellness committees to introduce at least one priority area to focus on and implement:</p> <ul style="list-style-type: none"> • Healthier snack "extra choices" offered during school lunches • Healthier fundraising foods • Healthier choices in vending machines • Healthier choices at sporting events and concession stands <p>Reducing unhealthy foods as rewards</p>	<p align="center">Tara Martin Pomerene Hospital</p>	<p align="center">October 1, 2018</p>	<p>12/5/2017: The committee decided to focus on one of the highlighted activities. Tara and Jen McCoy will reach out to the school superintendents and discuss options for implementing this strategy.</p> <p>2/6/2018: Tara and Jen met on 1/19/18 to discuss. Would like to talk to superintendents about offering a fruit and bottled water at all concession stands. Jen will reach out to Tuscarawas County to see how they implemented this strategy.</p> <p>3/6/2018: Discussion was held as to whether a offering a fruit option is the most economical for schools. Committee members recommended looking into healthy snack options with a longer shelf life. The Committee would like to invite the Superintendents to a meeting within the next several months to discuss in more detail. Tara and Jen will draft a letter to the superintendents.</p>
<p>Year 2: Continue efforts from year 1. Choose 1-2 additional school districts to implement a healthier choices campaign.</p> <p>Each of the selected school districts will choose at least 1-2 priority area to focus on and implement.</p>		<p align="center">October 1, 2019</p>	
<p>Year 3: Continue efforts from years 1 and 2. Each selected school district will implement at least 3 of the 5 priority areas.</p>		<p align="center">October 1, 2020</p>	

Strategy 4: School-based nutrition education programs

<p>Year 1: Assess Holmes County schools to determine which schools are currently utilizing the Serving Up MyPlate framework.</p> <p>Work with at least one school to conduct a "healthy habit" parent survey (pre-test) to collect baseline data of nutrition and physical activity habits. By utilizing the <i>Serving Up MyPlate</i> framework, implement various educational activities and programming.</p> <p>"Healthy habit" post-tests will be given at the end of each year to measure knowledge gained. 50% of students will show increased knowledge of healthy habits.</p>	<p align="center">Jennifer McCoy Holmes County General Health District</p> <p align="center">Tara Martin Pomerene Hospital</p> <p align="center">Laurie Sable Holmes County General Health District</p>	<p align="center">October 1, 2018</p>	<p>12/5/2017: Holmes County is already doing MyPlate in some of the schools through Holmes County WIC and OSU Extension. Jen McCoy set up a meeting with Laurie Sabel from WIC and Kate Schmacher from OSU Extension on 1/4/2017 to develop a plan to complete the year 1 action steps.</p> <p>1/4/2018: Health Dept met with Kat Scumaker from OSU Extension to discuss. Currently only 2</p>
---	--	---------------------------------------	--

	Kate Schmaker OSU Extension		Head Start Schools in the County are utilizing the MyPlate framework. Kate and Laurie will work with both school districts beginning in the 2018/19 school year to begin implementation of MyPlate into at least 1, 3 rd grade class in each school district. Kate and Laurie are going to research potential surveys to use to measure knowledge gained. Group will meet June 7, 2018 to review a plan of action. 2/6/2018: Updates provided to the committee from meeting held on 1/4/2018 3/6/2018: No updates at this time
Year 2: Continue efforts from Year 1 in 1 school district. Work with schools to offer "Try it Tuesday" fruit and vegetable taste testing for children <i>and/or</i> work with at least 1-2 schools to host a family education night. 75% of students will show increased knowledge of healthy habits.		October 1, 2019	
Year 3: Continue efforts from Years 1 and 2 in both school districts. 90% of students will show increased knowledge of healthy habits.		October 1, 2020	

Priority Topic: Chronic Disease			
Strategy 5: School-based physical activity programs and policies			
Action Step	Person/ Agency Responsible	Timeline	Progress
Year 1: Research the Fuel Up to Play 60 (FUTP60) program and determine which school(s) should apply for a FUTP60 grant. Work with the selected school(s) to create organized programming and activities from the FUTP60 playbook that increases youth physical activity and healthy eating. Create a school-based awareness campaign using the FUTP60 program to educate students and families on the benefits of increasing physical activity and healthy eating habits. Disseminate educational information.	Tara Martin Pomerene Hospital Mike Derr Holmes County General Health District	October 1, 2018	12/5/2017: The group would like to use Kinetics and create a summer fitness program for children as this may be more manageable than trying to implement something in the schools. Tara and Mike will research and develop a program plan by July 2018 2/6/2018: No updates 3/6/2018: Tara shared that Kinetics is working to develop a summer fitness program/daycamp for kids targeted for 3-6 th grades. They are currently working on a curriculum and hope to implement in summer 2018

<p>Year 2: Continue efforts from Year 1.</p> <p>Implement activities from the FUTP60 Playbook in at least 1 school district.</p> <p>Continue educating students and families on the importance of increasing physical activity and healthy eating habits.</p>		October 1, 2019	
<p>Year 3: Continue efforts from Years 1 and 2.</p> <p>Implement activities from the FUTP60 Playbook in both school districts.</p> <p>Continue educating students and families on the importance of increasing physical activity and healthy eating habits.</p>		October 1, 2020	

Priority Topic: Chronic Disease			
Strategy 6: Implement fruit and vegetable incentive program			
Action Step	Person/ Agency Responsible	Timeline	Progress
<p>Year 1: Recruit at least one local grocery store to commit to encouraging healthy food choices by doing any of the following:</p> <ul style="list-style-type: none"> • Offer coupons for “healthy” food items such as fruits and vegetables. • Offer a convenience kiosk that includes ingredients for healthy meals, including recipe cards. • Offer free fruit/vegetables for children to eat while their parent/guardian shops. • Offer “Try it Tuesdays” for children (i.e. child tries a mango at the store and parent/guardian is given a mango coupon with recipe card that include mangos). • Properly label/identify healthy food options that are on sale in weekly ads. • Hold in-store healthy meal demonstrations, offering a recipe card and shopping list for each healthy meal. • Include recipes for quick and healthy meals in weekly ads. 	<p>Tara Martin Pomerene Hospital</p> <p>Rebecca Starner Holmes County General Health District</p> <p>Laurie Sabel Holmes County General Health District</p> <p>Kate Shumaker OSU Extension</p>	October 1, 2018	<p>10/27/2017: Rebecca created a workplan for the Maternal and Child Health (MCH) Grant that included strategies for reducing obesity and aligned with this CHIP action step. Per the MCH grant, throughout the next year, the HCGHD will highlight a healthy food item at a grocery store that is on sale and provide healthy recipes using those items. A second strategy from the MCH grant that aligns with this action step is that the HCGHD will conduct six in store healthy food demonstrations with a recipe card for each meal.</p> <p>12/20/2017: Rebecca contacted Kurt Rodhe, owner of Millersburg IGA, to inquire about advertising recipe ingredients from Rodhes IGA that are on sale in a recipe that is promoted to the public. The HCGHD posted a recipe on Facebook 12/20/2017 for “Creamy Mashed Cauliflower” which highlighted 2 healthy food items on sale that week at Rodhes IGA. This recipe was also printed in a flyer format that was posted in the HCGHD lobby.</p> <p>2/9/2018: An MOU with Rodhe’s IGA is in process. Food demonstrations will take place at Rodhe’s IGA on the first Monday of the month for 6 months beginning in February.</p>

			<p>The first in store demonstration was held at Rodhe's IGA on 2/5/2018. Healthy Frittatas were the recipe highlight. Samples of frittatas and recipe cards were handed out. Photos are on file. Also, highlighted on the recipe cards were the organic ingredients that were on sale in the February Organic Sale Ad. 38 customers were reached (based on the number of recipe cards handed out).</p> <p>3/6/2018: March food demo completed on 3/6/2018 at Rodhe's IGA from 3:00-5:00. Recipe highlighted was Berry Salsa. 41 recipe cards were handed out. Promo was done on the HCGHD Facebook Page, Rodhe's IGA Facebook Page, and OSU Extension's Facebook page. Recipe highlighted berry's that were on sale at Rodhe's.</p>
Year 2: Enlist at least 2 local grocery stores who commit to encouraging healthy food choices by implementing at least one of the items above.		October 1, 2019	
Year 3: Continue to enlist new grocery stores and ask current participators to implement 2-3 items above.		October 1, 2020	

Priority Area: Mental Health and Addiction

Priority Topic: Mental Health and Addiction			
Strategy 1: Screen for clinical depression for all patients using a standardized tool			
Action Step	Person/ Agency Responsible	Timeline	Progress
<p>Year 1: Collect baseline data on the number of primary care providers that currently screen for depression during office visits.</p> <p>Continue to educate providers regarding PHQ-2 and PHQ-9 or other similar screening tools. Increase the number of primary care providers using the PHQ-2 and PHQ-9 screening tools by 10% from baseline.</p>	<p>Vicky Hartzler Wayne-Holmes Mental Health and Recovery</p> <p>Mark Woods Anazo Community Partners</p>	October 1, 2018	<p>12/5/2017: Mike will follow up the local physicians during the Small Healthcare/QI group meeting. He thinks local physicians are already using this. Will report at next meeting.</p> <p>2/6/2018: Mark and Vicky will create a survey to send out to physicians to determine which tools are currently being used.</p> <p>3/6/2018: Survey to collect baseline data is</p>

			still under development
Year 2: Continue efforts from year 1. Increase the number of primary care providers using the PHQ-2 and PHQ-9 screening tools by 20% from baseline.		October 1, 2019
